

**SUSTAINABLE BIOTECHNOLOGY ENTREPRENEURSHIP:
MICROALGAE & HUMAN FOOD**

CALENDAR

Virtual component: starting 10/03/2022, ending 11/06/2022

Physical component: starting 20/07/2022, ending 29/07/2022.

YOUR PARTICIPATION AS A STUDENT

If you are a student of a partner university (see next page) at any field related to Chemical Engineering, Business, Law, Food technology or Biotechnology, then you are invited to apply & participate in this Blended Intensive Programme (BIP) ([Pre-registration form](#)).

A BIP program is a multidisciplinary, intensive and short program that might be particularly appealing if you want the opportunity to study, but you have reasons not to go on a fully physical long-term mobility or if you want to try first a short-term mobility.

The individual support to students and teaching staff for the physical mobility is provided by their own organisation, who can use their own regular Erasmus funds for mobility (except for non EU partners).

As a participant in this BIP you will work online and on site, at [Almería](#) (Spain).

Online component: you will...

- participate in two 60 minutes online sessions, one in March and another one in June
- participate in four online mentoring sessions in between (to be announced according both the mentor's and team availability)
- work online and independently with your team in an interdisciplinary project online to help reaching the Goal 2 of the SDGs (Sustainable Development Goals), "Zero Hunger", meaning to end hunger, achieve food security and improved nutrition and promote sustainable agriculture.

Physical component: you will...

- spend a short period (10 days) at Almeria, at the end of July.
- learn about microalgae culturing, microalgae-based food and the development of projects involving microalgae-based food
- working with and meeting students from Bulgaria, France, Italy, Spain, Poland, Germany and Canada

UAL will issue a 3 ECTS certificate upon completion of the program. This BIP can be part of your study programme or complementary to it. Please contact [your faculty BIP exchange coordinator](#) to find out about the possibilities within your study programme.

PARTNERS & COORDINATORS

- **Georgian College:** Svetlana Volkova (Svetlana.Volkova@georgiancollege.ca) *non EU partner*
- **Jan Dlugosz University in Czastochowa:** Bartłomiej Kowali (b.kowalik@uid.edu.pl)
- **Lomza State University of Applied Science:** Katarzyna Zacharzewska-Arnist (Kzacharzewska_arnista@pwsip.edu.pl)
- **Università Politecnica delle Marche:** Silvia Mangialardo & Emiliano Trucci (s.mangialardo@staff.univpm.it & e.trucchi@staff.univpm.it)
- **Université Paris-Est Créteil Val de Marne:** Eric Hertzler (eric.hertzler@u-pec.fr)
- **University of Economics-Varna:** Yuliyana Todorova (Email: ju19de65@ue-varna.bg)
- **University of Parma:** María Cecilia Mancini (mariacecilia.mancini@unipr.it)
- **Università degli Studi Milano-Bicocca:** Laura Prosperi (laura.prosperi@unimib.it)
- **Universidad de Almería:** Tania Mazzuca Sobczuk (tmazzuca@ual.es)
- **Universität Hohenheim:** Ramona Weinrich (ramona.weinrich@uni-hohenheim.de)
